More of Roy Anderson's 'Dear Folks' Letters

EDITOR'S NOTE: Currently running in The Star from time to time are the last of Roy Anderson's "Dear Folks" community letters. The current batch were written in 1970, of a series that began in 1960. But the letters we will print in the next few weeks will be the last of the crop. Roy has definitely quit the "Dear Folks" series.

Here is today's installment of "Dear Folks":

By ROY ANDERSON

We had no civic clubs as such, but a "Board of Trade" now Chamber of Commerce. The Elks Club was formed only social center, over the building now occupied by T. G. & Y. and Lewis McLarty. The Club got big and built an Elks Club of their own which is now the Youth Center—on borrowed money. It got to be a gambling joint and the men who had endorsed the note, some dropped out, so through politics got some members on the City Council, who then sold it to the City. The City thought they might need the area to expand the Water and Light Plant, but anyway through City politics—got their friends who had endorsed the note off the hook.

We had only one school building in the block on N. Main and had to have more room. The Catholic sisters had a hospital, the only one—on the Corner of E. 3rd St. where the apartment building now is. The school bought it for a first grade school—then about 1930 built new High School on credit, and never out of debt since, even with the help of federal funds. Later, more grade schools—the negroes had their own—the Yerger School—named after Professor Henry Yerger, a wonderful citizen—now in school system.

The Football Stadium was built by the "W.P.A." labor with the City through Water and Light funds paying for the material. Also a new fire station built by "P.W.A." Federal Funds, with the City giving the site. This was formerly the John Barr home, and the contractor lost money as they found there was 30-foot cistern that had to be filled with concrete. All houses had cisterns filled with rain water from the roofs. The Court House was built likewise with help of federal funds, and a tax on Real Estate. It took 4 years and two elections to get the Court House moved from Washington to Hope.

The building trustees were the presidents of the then three banks, R.M. LaGrone, Lloyd Spencer, and H.M. Stephens. Back long ago, Hempstead County had many banks, four in Hope and one in Washington, Fulton, Ozan, McCaskill, Blevins—all with deposits of about one million, where now only three banks with deposits in excess of 40 million besides the deposits in Federal Savings and Loan. However, we cannot now buy with a dollar what we could long ago. We now get apples or bananas by the pound, where we use to get bananas by the stalk or bunch, or a dime a dozen.

Tax Collections Are Reported

LITTLE ROCK (AP) — The Revenue Service Division of the state Finance and Administration Department reported Monday gross tax collections of \$202,187,242 during the last six months of 1971.

Collections for the same period last year totaled \$174,878,463.

Stolen Drugs Are Recovered

LITTLE ROCK (AP) — The Pulaski County Sheriff's office said Monday it had recovered about \$1,500 worth of drugs which had been stolen last month from Little Rock drug stores.

Capt. Tom Davis, of the department's narcotics division, said that four persons were involved in the burglary, but he declined to identify the four.

Interlock Memo Termed Forgery

LITTLE ROCK (AP) — Scott said the memo was an obvious forgery "based on the language used, typing and the spelling." He also noted that the memo referred to "Interlock Corporation" instead of the proper title of "Interlock Inc."

Scott, currently assistant director of a federally funded project to reduce alcohol-related traffic accidents in Pulaski County, says he holds \$5,000 shares of Interlock stock. He said he bought Miller's \$1,000 shares of the Houston, Tex., firm when Miller became State Police director last year.

Miller said he could not say whether someone within the department was the source of the note.

Brueggeman said no such memo had been found in a thorough search of State Police files.

In addition to a copy of the memo, the AP also received a copy of what appeared to be a memorandum from Scott to Miller dated Nov. 21, 1968, discussing planning for the state under new federal crime and law enforcement legislation. The memorandum itself did not mention Interlock, but the words "(INTERLOCK PLANNING)" appeared in the margin of the copy.

Scott said he probably wrote the memorandum, but he said the words in the margin were "crudely" added by someone using a typewriter different from that used to type the note.

"Somebody has obviously been through all the State Police communications in an effort to pick out those documents which can be forged, altered or amended to cast aspersions on the leadership of the Arkansas State Police," Scott said.

"This is another deliberate scheme by somebody with ulterior motives of the vilest type to take a legitimate communication and very crudely attempt to use it in a deliberate effort to smear," he said.

Muskie, McGovern Make It Official

P. LEUBSDORF
AP Political Writer

CONCORD, N.H. (AP) — Sen. George S. McGovern formally launched his uphill New Hampshire presidential campaign today by vowing to give front-running Sen. Edmund S. Muskie "a real fight for this nomination."

The South Dakota senator presented petitions with 2,000 names and five new \$100 bills to Secretary of State Robert L. Stark, assuring him of a spot in the March 7 Democratic presidential preference primary.

Then he told a news conference that "Sen. Muskie is going to know he's been in a really tough fight in this state."

Meanwhile, Muskie was preparing formally to enter the presidential race tonight before flying here Wednesday to file before Thursday's deadline.

Muskie purchased 10 minutes of prime, nationwide television time to make an announcement he taped Monday at his chilly summer home in Kennebunk Beach, Maine.

Sen. Hubert H. Humphrey of Minnesota is expected to round out the Democratic field when he declares his candidacy Jan. 10.

Muskie's announcement will be broadcast on CBS television, at 8:20 p.m. EST. The Maine senator said the television time cost his campaign organization \$30,000.

It is part of a presidential bid that already has cost well over \$1 million, and has taken Muskie to 34 of the 50 states during the past five months.

Two of Muskie's rivals for the nomination, Sens. George McGovern of South Dakota and Henry M. Jackson of Washington, already were at work in the leadoff primary states.

Jackson, in Florida, where

the votes will be cast March 14, was busy discounting the voting in New Hampshire, scheduled one week earlier. Jackson decided to bypass the New Hampshire primary, where New Englander Muskie is heavily favored.

In New Hampshire, McGovern was filing his petitions of candidacy today, and chiding Jackson, Humphrey and Mayor John V. Lindsay of New York for skipping the leadoff state.

The Democratic field in New Hampshire includes McGovern, Muskie, who will file for the primary ballot Thursday, Mayor Sam Yorty of Los Angeles, and Sen. Vance Hartke of Indiana, who announced his candidacy in Manchester, N.H., Monday. "I will win," said Hartke, venturing a forecast other Democrats have avoided in a state adjacent to Muskie's Maine.

President Nixon's name was filed for the Republican primary ballot Monday.

Nixon, who has virtually declared candidacy already, is due to formally announce his bid for re-election before Jan. 14, but has said he will not engage in public partisan activities until shortly before Labor Day.

Accident Kills Danville Woman

DANVILLE, Ark. (AP)—Matie Sue Glozier, 61, of Danville was killed Monday when the car in which she was riding hit a pickup truck on a Yell County road near Plainview, southeast of here.

State Police said the car in which she was a passenger hit a pickup truck that pulled into its path from a side road.

Meeting Called to Plan Fight on Roosting Birds

(Editor's Note: The problem of a bird roost is again with residents of certain areas of Hope. A meeting will be held Wednesday to discuss methods to deal with the problem. The following letter from the State Supervisor of the Division of Wildlife Services was received by City Manager Garland Medders.)

"Dear Mr. Medders: This is in reply to your letter dated December 21 concerning the bird roost in Hope.

"On December 16, I visited the roost site south of Shover Street. At that time about 1 1/2 million grackles, cowbirds, starlings and robins were using the roost. We will be happy to offer our assistance in relocating the birds, hopefully away from town.

"May I suggest that we plan to meet in your office at 10:00 a.m. on January 5 to discuss possible solutions to this problem? Mr. Robert A. Pierce of the Agricultural Extension Service and I work together on projects such as this. He is planning to join us in this endeavor. I would suggest that we

include the county extension agent and representatives of the news media in this meeting as well as the appropriate city officials.

"Essentially what will be required is that some local interest, such as the City, purchase the shell crackers, bird bombs, firecrackers, etc. which will be needed. We will probably also need some personnel to assist with the program. We will forgo the use of live ammunition because of the presence of robins in the roost.

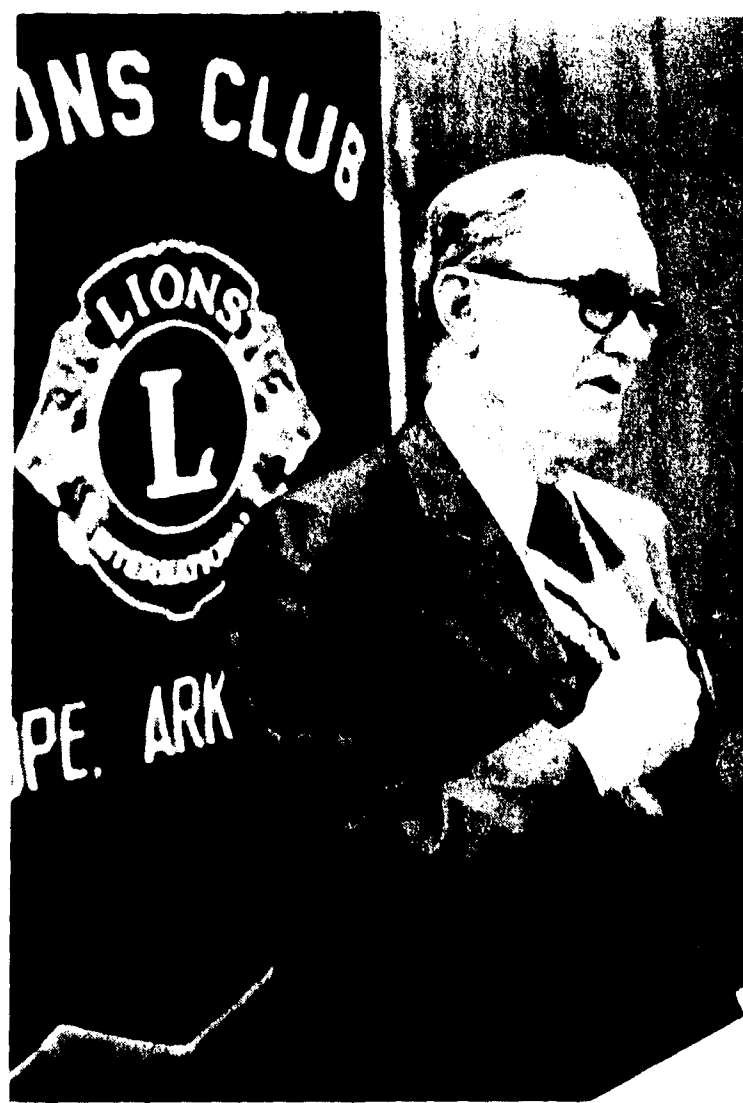

"I will be on vacation until January 3; however, if this time is not convenient for a meeting, just contact my office and I'll call when I return to work to set a new time.

"From the fine cooperation we received in Hope during the program 2 years ago, I am certain that we can get the job done. We are looking forward to working with you."

Sincerely yours,

Swaps Gun for Bible

—Hope (Ark.) Star photo

After 25 years as a state policeman and 29 years as a law

enforcement officer State Police Lt. Guy Joseph Downing of Hope, has given up his pistol for a Bible.

Mr. Downing served on the Hope Police force for 2 1/2 years. After joining the state police he served here, at Little Rock, Blytheville, Mena, DeQueen and Camden. He is assistant commander of the Hope District.

I've carried this gun as a policeman for 29 years to help people and keep the peace, "Downing said. "Now God has called me to change to the ministry." He will become the minister of First United Methodist Church at Horatio. He and Mrs. Downing, the former Geneva Pearl Gribble, will move to Horatio on Friday.

He attended Perkins School of Theology at Southern Methodist last summer and plans to attend three more summer sessions before being ordained. In a ceremony Monday at State Police Headquarters in Little Rock he turned his revolver over to Col. William C. Miller, director of the State Police and received the robes of a minister from Bishop Paul V. Galloway.

Four Helicopters, Bomber Downed

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — The U.S. Command today announced the loss of another fighter-bomber over northern Laos, and four American helicopters were shot down during an attack on a U.S. patrol northeast of Saigon.

The command said an Air Force F4 Phantom was lost last Friday due to unknown causes and the two crewmen were listed as missing. It was the 11th U.S. plane lost over Laos and North Vietnam since Dec. 10; 15 of the crewmen are listed missing and six were rescued.

A spokesman, Capt. James D'Entremont, said his reports did not indicate what mission the F4 was on, but presumably it was either supporting Laotian ground forces or was taking part in the massive air

campaign against the Ho Chi Minh trail.

Announcement of the loss was delayed while search operations were under way, D'Entremont said.

The four helicopters were shot down Monday when they came to the aid of a 25-man patrol that was attacked near dusk in the jungles 40 miles northeast of Saigon. The command said one GI was killed and 13 were wounded in the attack. It was the biggest American ground action in more than a month. Enemy losses were not known.

The patrol was hit by a barrage of small arms and automatic weapons fire. The Americans moved back with their casualties, and teams of observation helicopters, rocket-firing

gunships and medical evacuation helicopters were called in.

Enemy fire brought down three of the medical evacuation choppers and an observation helicopter. They suffered moderate to heavy damage, and one crewman was wounded.

North Vietnamese and Viet Cong forces also bombarded a South Vietnamese post near the district town of Ben Cat, 25 miles northwest of Saigon, with 100 to 150 mortar shells. Six South Vietnamese soldiers were reported wounded.

Military sources in Saigon reported that the U.S. 7th Air Force plans to turn over its \$60 million base at Phan Rang, 160 miles northeast of the capital, to the South Vietnamese air force within the next two months.

Welfare Millions Misspent

By JOHN STOWELL
Associated Press Writer

WASHINGTON (AP) — The government estimates it may be misspending \$500 million a year on welfare, due to "honest mistakes" by overworked and inefficient state and local welfare agencies.

The Department of Health, Education and Welfare disclosed at a news conference Monday that a preliminary survey last April indicated about 5 per cent of the nation's welfare families were ineligible for payments, and even more were paid too much or not enough.

Richard P. Nathan, HEW deputy undersecretary for welfare reform planning, said the

figures indicate the need for prompt congressional action on the administration's welfare reform bill.

"These data don't completely reflect the problem today in welfare administration," he said. "If anything, the situation is worse."

Only one out of every five state and local welfare agencies are automated, Nathan said. "Mistakes, delays and abuses are inevitable under these conditions."

HEW officials said their survey, covering about half the nation's welfare caseload and admittedly subject to error, indicates the inadequacy of the

present system.

They said the 5 per cent cited in the survey cost an estimated \$168 million a year. Overpayments cost an additional \$124 million, they said, and underpayments totaled \$38 million.

"Most of the errors were identified as honest mistakes by state and local welfare agencies or by those who received the payment," an HEW official said.

More than half were agency errors. In many cases backlogged agencies did not reduce benefits promptly enough when a client reported an increase in outside income, the official said.

Negroes in Rape Case Set Free

LITTLE ROCK (AP) — Six Negro youths who entered pleas of guilty to charges that they assaulted two white girls with attempt to rape received a suspended sentence of three years and two months.

The six had been charged with assaulting two white girls on a sandbar in the Arkansas River near Little Rock in May 1970.

The suspended sentences were given the youths upon the recommendation by the two girls who said they did not want to testify again. There have been three mistrials in the case.

Circuit Court Judge William Kirby gave the youths a suspended sentence on condition that they finish their high school education, get jobs and stay out of trouble.

The defendants were Clarence E. Bruce, 19; Charles L. Jones, 19; Frank V. Hamilton, 19; Douglas Johnson, 17; Carl Latting, 18, and Herbert Williams, 17, all of Little Rock.

Pay Board to Order First Wage Rollback

By BROOKS JACKSON
Associated Press Writer

WASHINGTON (AP) — The Pay Board was expected to order its first wage rollback today, cutting a 12-per-cent raise for aerospace workers, probably to 8 per cent or less.

But it appeared to be an open question whether the board would honor its own new rule limiting all pay raises in new contracts to no more than 7 per cent, even in special circumstances.

Various sources said all 10 business and public members were determined to vote against the five labor members and order a cut of some amount. Not all of them, however, were reported ready to roll the aerospace raise back to 7 per cent.

On another matter, the board's five business members were reported ready to press for a legally binding regulation that would automatically cut off future pay raises in old contracts exceeding 7 per cent a

year. Business member Virgil Day, a General Electric Co. vice president, said the business members would propose such a regulation during meetings this week.

Last month the business members issued a blanket challenge of all deferred raises over 7 per cent, but under this procedure the board would have to order any rollbacks on a case-by-case basis that could swamp the panel with thousands of reviews.

The board's guidelines say raises in new contracts can't go over 5.5 per cent except in special cases that might warrant raises up to 7 per cent. Day said the rule to be proposed by business members would put the same 7-per-cent lid on deferred raises in contracts already agreed upon.

Last Dec. 21 the board debated far into the night without reaching a decision on contracts covering units of the United Auto Workers and the AFL-CIO International Association of Machinists at six aerospace firms.

All except one follow the pattern set in the UAW pact with North American Rockwell Corp., which contains a first-year raise of 51 cents in the \$4.32 hourly average, an 11.8 per cent increase. The exception is the IAM pact with United Aircraft Corp. in Connecticut, where the union got only an 8-per-cent raise in the first year.

Light snow began falling this morning at Fayetteville and officials predicted that accumulations in the northwest portion of the state may range from two to three inches.

Travelers warnings were issued for the west and north portions of the state.

Rain was reported in other areas of the state and the rain was expected to change to freezing rain or snow as temperatures plummet behind an eastwardly moving cold front. The cold front passed through the Little Rock area between 4 a.m. and 5 a.m. today. The effect of the cold front is reflected by the fact that at 5 a.m. it was

Radioactivity Spread to Several Airports

JACKSONVILLE, Fla. (AP) — A leaky package of radioactive medical isotopes contaminated a Delta Air Lines jetliner which then spread the radioactivity to airports in five states last weekend. Atomic Energy Commission officials say there is no apparent health hazard.

"We're systematically going about proving what we think is the case—that no one was hurt by it," said G. H. Giboney, scientist in the AEC's Savannah River operations office in Aiken, S.C.

Delta officials in Atlanta reported Monday that the leakage occurred Friday in a shipment of 80 curies of molybdenum being flown from Kennedy Airport in New York to Houston, Tex. A curie is a measure of radioactive matter.

The same plane, a 96-passenger Convair 440, then made eight more passenger flights with stops in five states before the contamination was detected and the plane was withdrawn from service for decontamination.

John Davis, director of the AEC office in Atlanta, said that while some radiation seeped from the baggage area, the passenger compartment was "basically clean."

The level of contamination measured in the luggage compartment was not much more than would be found in a physician's X-ray room, Giboney said.

The subsequent passenger flights made by the contaminated plane, on Saturday and Sunday, included stops in Miami, Tampa, Fla., West Palm Beach, Fla., Atlanta, Dayton, Ohio, Columbus, Ohio, Louisville, Ky., and Chicago.

WASHINGTON (AP) — The Democratic National Committee wants free air time on the Columbia Broadcasting System to respond to President Nixon's appearance Sunday night with CBS correspondent Dan Rather.

The National Broadcasting Company also received a request for time from the Democrats to answer the NBC program "A Day in the Presidency," aired Dec. 21.

Neither network had a response to the requests, which were made in telegrams from Joseph A. Califano, the committee's general counsel.

The Democrats termed both broadcasts "political."

Four Big Banks Cut Prime Rates

NEW YORK (AP) — Four major New York banks reduced their prime lending to 5 per cent today, from 5 1/4 per cent, pushing this key interest charge to its lowest level in nearly seven years.

The prime rate is considered a significant rate, because most other bank interest charges are scaled up from this.

Chase Manhattan Bank, Bankers Trust Co., Manufacturers Hanover Trust Co., and Chemical Bank said they were cutting the minimum interest they charge their most credit-worthy corporate customers effective immediately.

They followed the lead of Irving Trust Co., which announced a similar cut Friday, effective Monday.

The last time the prime rate stood at the 5 per cent level was in March 1966.

The reductions reflected a sharp drop in money market interest rates in recent weeks, which reduced the banks' cost of obtaining lendable funds.

Sluggish business loan demand was also a factor, observers said.

Most other large banks across the country maintained 5 1/4 per cent prime rate. First National City Bank, however, recently trimmed its flexible lending rate to 5 1/2 per cent.

account of problems and expenses and hopes for the penal institutions of the state.

Going back to 1967, when publicity on conditions at the penitentiary first became intense, outwardly things seemed to be OK. There were 2,200 inmates, 25,000 acres of land under cultivation, a good supply of food for the institutional needs for men and livestock and approximately one million dollars saved above operating expenses. The prison was self supporting.

The state congressional group who visited the penitentiary however found conditions worse than they realized and a committee on penal institutions was set up and Senator Hendrix became head of this group.

With prison reforms which included more personnel, an extensive building program, a mechanization program, the financial picture changed drastically. Above prison earnings the following sums were appropriated and spent: 1967—\$73,300; 1968—\$1,133,000; 1969—\$2,200,000; 1970—\$1,500,000. These yearly expenditures total over four million dollars plus the most of the original million dollar surplus. The present amount laid aside for emergencies is \$386,000.

Prison inmates and overseers drawn from prison inmates naturally would not be interested in taking care of equipment so much of the first round of new tractors were neglected and abused.

Senator Hendrix and the committee on penal institutions have investigated management of prisons in Missouri, Louisiana, Texas, and Colorado.

They were told by Colorado prison officials that the best rehabilitation for prisoners was work, but that it should be useful work.

The prison population is now down to 1,800, sufficient money has been appropriated for its operation and the main problem now is finding the right kind of operating personnel. The senator spoke highly of Mr. Hutto and the Texas prison system.

With mechanized farming only a small part of the inmates are needed for the farming operation, and industrial training is now needed.

Projects mentioned were a school bus rebuilding program, and ideas that Texas is now using which includes school desk and furniture construction mattress and bedding for all state institutions dentures made by inmates for institutional use.

The committee was advised that a garment factory could be a help to the state prison system. Trades like the above mentioned could be a big factor in the rehabilitation of prisoners.

The senator spoke briefly on the state highway system saying that Arkansas was first in the nation in completed inter-state highways that were projected in the beginning. That the state is able to match Federal funds when they are available and under the present conditions, he does not favor bond issues or additional taxes for the highway system. He did favor toll roads where the people were willing to authorize them by vote and to pay for them. The road from Little Rock to Pine Bluff came under this category. Maintenance of the new roads the state is acquiring is going to be a big item of future expense.

Don Stanley arranged the program. Doug Byrd was guest of Lion Claude Byrd and John Wilson, Jr., guest of Lion Jimmie Griffin.

Liberia Has Very Gala Inaugural

MONROVIA, Liberia (AP) — Billy Graham borrowed a decoration and white vest to wear and danced the cha cha. President William Tolbert came late and stayed late. And Pat Nixon got Liberia's highest decoration at Tolbert's gala inaugural ball Monday night.

There was a grand march, with all the distinguished guests promenading. Then dancing until after midnight to the music of three bands, including one from Grambling College in Louisiana.

The featured vocalist was Maitta Fahn Bulleh, whose father was released from prison recently by President Tolbert. He had been convicted of attempting to assassinate Tolbert's predecessor, the late President William Tubman.

"That was thanks for my dad," she said after singing for Tolbert.

The festivities capped Tolbert's colorful inauguration day.

There was one sad note, however. The president didn't dance because one of his eight children died three weeks ago.

Mrs. Nixon didn't dance either.

Tolbert honored the American First Lady with the Grand Cordon of the Most Venerable Order of Knighthood of the Pioneers of the Republic of Liberia.

In an elaborate citation to Thelma Catherine Patricia Nixon, he said that by triumphing over adversity in her early life, she "became a living symbol of what the American dream can be."

He called her a woman of "courage, strength of character and fortitude of spirit" who had excelled in everything she set her hand to.

Mrs. Nixon said she accepted the decoration with pride for the American people and it would go in the presidential library as a reminder of mutual respect, affection and love.

When Tolbert hung the green-ribboned, star-shaped decoration around Mrs. Nixon's neck, he bestowed the cheek-to-cheek embrace traditional here.

At 11:40 a.m. at North Hazel and Beach St. vehicles driven by Jack Cannon and Dayton Thomason of Hope collided with considerable damage resulting. City Officer Shirley charged Cannon with failure to yield the right-of-way.

At 1:20 p.m. on the Safeway Store parking lot cars owned by W. M. Ramsey of Hope and Archie L. Wingfield of Washington collided with minor damage resulting. Officers Ward and Neal investigated.

At 1:30 p.m. at 6th and Walnut a car driven by Glen Mattison of Tulsa, Okla., collided with another driven by Edward L. Smith of Hope. The Smith vehicle careened into the home of George Straughter. Smith sustained injuries and was treated at a local clinic. There was considerable damage to the vehicles and the Straughter house. Officers Ward, Neal, Shirley, and Purtle investigated.

At 3:15 p.m. at S. Elm and Second an auto driven by Margie Osborn of Hope hit a pedestrian listed as Essie Lee Johnson. She was taken to a local hospital for treatment. Extent of her injuries was unknown. No charges were filed by Officer A. C. Sinyard.

Jap Leader, Nixon Meet for Talks

By FRANK CORMIER
Associated Press Writer
SAN DIEGO, Calif. (AP) — President Nixon, in California to meet with Japan's prime minister, flies here today to boost American shipbuilders who face stiff competition from Japanese and European yards.

Deputy Press Secretary Gerald L. Warren told newsmen that Nixon "has a great interest in strengthening the maritime fleet" and noted that Congress has passed administration-backed legislation for heavy federal subsidization of modern vessels that otherwise would be built in shipyards overseas where construction costs are lower.

Japan, in particular, has been a major builder of supertankers, a breed of oceangoing giant that has not been constructed in the United States because of higher price tags.

The legislation, enacted in 1970, could open the way for building of such vessels in the U.S. with resultant increases in lagging shipyard payrolls.

Nixon, apparently on short notice, decided to visit the San Diego yards of the National Steel and Shipbuilding Co., one of many feeling the burden of lower-cost foreign competition.

The President, who gave no advance clue of the specific reason for his visit and informal address, arrived Monday night at his San Clemente home—a 60-mile helicopter flight away from National's yards.

On Thursday and Friday the chief executive will be host at San Clemente to Japanese Prime Minister Eisaku Sato.

Warren would not deny that politics figured in the discussion.

Post Office Has Women Guards

LOS ANGELES (AP) — At the post office, mail chauvinism has joined such bygones as the six-cent stamp and the two-cent post card.

Women, who've been sorting and totting the mail for years, are now guarding it as well and investigating postal thefts and frauds.

The Postal Service has 52 women among the 1,300 security guards nationwide. The first was a 27-year-old former judo instructor, Kathryn Prime, who went to work in Philadelphia in December 1970. Los Angeles has nine women guards and is recruiting more.

The need for women guards stems from the large number of women postal employees, said a Postal Service spokesman in Washington. The women guards are able to frisk women suspects, have access to women's rest rooms and keep track of demonstrators outside the buildings.

Women also are becoming postal inspectors. The first two women inspectors in the 234-year history of the service were sworn in at ceremonies in Washington Dec. 17.

The women train alongside the men during a three-week course at the University of Oklahoma. After graduation they earn the same pay as men—about \$7,500 a year—wear blue uniforms, visor caps and a butterfly tie and carry a .38-caliber pistol.

"I hope I don't ever have to use it," said Darlene Willoughby, 30, one of 17 women guards in the San Francisco-Oakland area. She said authorities give the women the easier office duties and won't let them guard a high-value mail delivery alone.

Al Burdick, chief security officer for the Los Angeles division, says he has no qualms about women guards.

"In this capacity they work very well," Burdick said.

"The male guards have never accompanied. In fact, they complement each other because if there is a purse to be searched the women do it. It softens the approach."

Replacement Is Found for Duel

HOLLYWOOD (AP) — Universal Studios and ABC-TV say Roger Davis has been signed as a replacement for the late Pete Duel on ABC's Thursday night television series "Alias Smith and Jones."

Duel, 31, died of a gunshot wound in the head at his Hollywood Hills home New Year's Eve. Police have listed his death as probable suicide.

In "Alias Smith and Jones," Davis will play opposite Ben Murphy. They portray two young outlaws looking for amnesty in the old West.

Davis, a native of Louisville, Ky., will make his first appearance Feb. 3 in an episode called "The Biggest Game in the West."

Helen and Sue Bottel The Generation Gap

WHAT'S WITH GUYS?

Dear Helen And Sue:

Why are guys like this? You meet one, maybe dance all evening with him, he asks for your phone number—and doesn't call.

Okay, you're kinda put down, but it isn't fatal. Maybe he was too busy, or lost your number. But the next week, at the dance, he won't even say "Hi." Now what would a simple "Hello" mean? Maybe he's embarrassed because he didn't follow through on the call, but he makes it a lot worse by ignoring you.

Just because I changed my mind about thinking a fella is the absolute greatest is no reason I should make him my enemy. Why can't boys be "just friends" too? —W.N.S.

Dear W.:

If the fellow is truly "embarrassed" because he didn't follow through on the call, he may avoid the girl at the next dance because he doesn't want to risk a snub. (The fragile male ego thing.)

Why not play it casually friendly, say "Hi" first—and if he STILL doesn't thaw, well, here's Sue with her somewhat less charitable viewpoint: —HELEN

Dear W.:

There are guys who think all girls are madly in love with them (especially if they've made a big play with the "What's your telephone number?" routine the week before). This type figures a simple "Hi" is leading the poor girl on after he's changed his mind. He wouldn't know how to be "just friends" because he's too busy snaring the next pigeon.

What I mean is, if he's an ego-tripper, forget him! You can soon tell by watching how he operates on the dance floor. (and comparing with last week). —SUE

Dear Helen And Sue:

I am 19 and in college. I'm dating a girl whom I consider one of the finest in the world. She's kind, generous and thoughtful and everyone likes her. That is, everyone except my two spinster aunts who are extremely bigoted. All they can see in her is that she's Irish and Catholic, and they take out their prejudice against her in very unfunny cracks about her nationality and religion—hoping they'll turn me against her through ridicule.

I just can't shut them up. My parents don't live here, so they can't help. What do you suggest?

Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — "The Doris Day Show" on CBS has been radically remodeled annually for four years now and "they"—as Miss Day refers to network executives ordering the changes—have finally gotten TV's Doris Martin into a character identical to those the actress played in all those light film comedies.

Miss Day now plays a bachelor girl who is a star reporter on a San Francisco-based magazine. She is bright, optimistic, winsome and even occasionally funny—in spite of the show's scripts.

A few weeks ago, Doris was a happy kidnap victim in some revolutionary Balkan state. This Monday night she was pretending to be a nurse in order to worm out of a stricken billionaire some story about economics.

Her boss this season, played by John Dehner, is a boisterous tyrant with a temper and below almost equally that of Gale Gordon, Lucy's boss on the preceding program. Miss Day's comedy style is quieter and more effective—or would be if she had better material.

"Here's Lucy" had Helen Hayes as a guest star. The distinguished actress seemed miscast as a little old lady staying with Lucille Ball as a house guest for a week. There was some far-fetched nonsense about a seance, mostly to give Lucy and Gale a chance to dress up as the ghosts of Josephine and Napoleon.

In spite of the talents of Miss Hayes and Miss Ball, the half hour was definitely lesser Lucy.

Dean Martin is now officially among television's superstars. He has his own pro-am golf tournament, the Dean Martin Tucson Open, which NBC will televise the weekend of Jan. 22.

Martin joins the select company that includes Bing Crosby, Bob Hope, Glen Campbell, Andy Williams, Danny Thomas and Jackie Gleason. Each spon-

She Needed Help But It Didn't Come Easy

By GORMAN, Calif. (AP) —

Stanley Culver had heart trouble, asthma and emphysema. He kept an oxygen tank in his tiny trailer. With it he and his wife, Georgina, felt secure.

Eight days ago snow started falling in the Tehachapi Mountains north of Los Angeles. Six feet of it snowed in the Culvers' car. They had no telephone.

"Wednesday morning the oxygen ran out," recalled Mrs. Culver, 49. At 11:30 a.m. Culver, 53, a retired mechanic, told her, "I can't breathe." A few minutes later he was dead.

Mrs. Culver began looking for help she didn't get for days. "I got out a sheet and painted 'Help' on it in big letters and put it on the roof of the trailer," she said. "Helicopters passed over many times, and I waved for help. I even tried signaling them at night with a flashlight.

"No one would stop to help me.

"By Saturday I couldn't stay any longer. I'd been there four days with him on the bed. The snow had melted down a bit. I put on my heavy boots, a ski coat and gloves, and took a shovel to help me keep my balance, and started toward the road."

In 3½ hours, Mrs. Culver trudged 1½ miles through four-foot drifts to the two-lane Gorman Post Road. There she found an emergency phone, but it didn't work.

Two miles down the road she saw tourists playing in the snow.

"I must get help," she told the first man she came to. "My

husband is dead back in our trailer." She said the man pointed to figures in the distance making a snowman and replied, "I can't help you. The children are playing."

"After that, I simply wouldn't ask anyone else," Mrs. Culver said. "I could hear the children playing. I was afraid somebody else would tell me no.

"So I put out my thumb and tried to hitch a ride...I just kept plodding along."

As she walked two more miles down the snowy road, drivers ignored her outstretched thumb.

Six hours and nearly six miles after she started, Mrs. Culver reached a restaurant and called the local deputy sheriff. The deputy was gone—on duty at the Rose Parade in Pasadena—but his wife drove Mrs. Culver to a relative's home in Gorman. Nobody was home, but neighbors let her in.

"I turned on the heat, made myself some dinner, and went to bed, thankful it was all over. A sheriff's party brought out Culver's body."

Mrs. Culver said Sunday she has made no plans for the funeral or for her future.

"But," she said, "I know I'll have to move the trailer out of the mountains. I'll have to move close to other people, in case I need help."

SISTERS OF MERCY

HALIFAX (AP) — Two Nova Scotia nursing sisters will spend the next six months looking after lepers, abandoned children and people dying destitute in Calcutta.

Sister Margaret MacDonald of Sydney and Sister Susan Dugan of East Dover, 1971 graduates of the Halifax Infirmary School of Nursing, answered a call for volunteers from Mother Teresa of Calcutta.

Mother Teresa, a Yugoslav nun, won the 1971 Pope John XXIII Peace prize for her 20 years of work among the sick and poor in Northern India.

In Calcutta she operates a hospital for the dying destitute, a home for abandoned children and a hospital for lepers.

Hope Girls Beat Mineral Springs 2nd Time Around

By BILL MOORE
Star Sport Writer

Hope's Ladycats didn't succeed the first time so they tried again and this time pulled off a very convincing 59-44 belting over Mineral Springs after taking a whipping in the first meeting earlier in the year.

Lifting their record to 5-6 for the season, the Ladycats, along with the Kittycats, host Nashville in a pair of games Thursday night beginning at 6:00 p.m.

For the first two minutes it looked as if Hope might be in for a long four quarters of play, but with 2:50 left in the quarter, after the Ladycats had been creeping back up on the score, Dee Singleton hit a jump shot to put Hope in front, 9-8, and from there on the Ladies began to roll, even though they did fall behind again.

Starting the second stanza with a 17-14, margin, Janet McCain hit two quick field goals, but both teams went on cold shooting terms and couldn't score until the last minute and a half of play. McCain and Conny Coleman traded baskets as the Ladycats took a halftime, 25-22, margin to the dressing room.

Coming out in the third period of play, it looked as if the Ladycats were again heading into trouble as Mineral Springs soon tied the score and forged ahead for a small length of time. However, with two minutes left in the period, McCain hit a free throw and a few seconds later dumped in a field goal to give Hope a three point lead, 37-34.

Singleton's outside shot and McCain's three point play with only a few seconds left pushed Hope out to a 42-37 lead with only one period remaining—and hopefully in the Ladycats' favor.

Mineral Springs won the tipoff, but that was about the only thing they won as Hope put the offensive machine to work again and used various turnovers to steadily push their lead out to a final 15 point spread.

Singleton hit the first two field goals on close shots and two charity thrown by McCain lifted Hope to a 48-39 margin. Three straight net shots by Singleton

gave the Ladycats a 14 point advantage, and from there on in the scoring was about even.

McCain led all scorers with 31 points, followed by Singleton with 23. Coleman had five. Also a lot of the credit must be given to the guards, who did an outstanding job of getting the ball back to the offensive side of the court and stealing the ball, along with very few turnovers. Those guards are Carol Frazier, Sandra Hamilton, Betty Ruth Honeycutt, Judy Reyenga, and Janice Hobson. Earlier in the evening the Kittycats played some of their usually fine ball playing as they again defeated the Mineral Springs Juniors, this time even more convincingly, 42-31.

Jumping out to a quick 9-0 margin on shots by Gail East and Pogo Griffen, the Kittycats kept building as they jumped out to an 18-5 lead while heading into the second period of play. Using free shots on the Hornet's foul trouble and some superb shooting by the forwards, Hope kept widening the margin of the score until they went in at halftime with a comfortable, 31-15, lead after Sue Henley hit a set shot from the circle with only 27 seconds left in

Legend Is Spreading to Super Bowl

By HUBERT MIZELL
Associated Press Sports Writer

MIAMI (AP) — The legend of Butch Cassidy and the Sundance Kid has spread to the Super Bowl.

"In the somewhat gruesome, even blood-thirsty world of pro football," said Sundance, "we go more for playing the game for enjoyment."

Sundance is 237-pound full-back Larry Csonka. Butch is Jim Kiick, his 215-pound running mate in the Miami Dolphins' backfield.

"We're a couple of guys who seldom show how serious we are," said Csonka. "So, after the movie about Butch and Sundance became so popular, we were likened to the screen pair."

The Miami Herald dressed Csonka and Kiick in 19th Century finery for a portrait that graced the cover of the newspaper's preseason football section.

An automaker liked the pose and contracted the Dolphin aces to dress up again for a television commercial.

Dolphin fans went wild about their heroes and the Herald began selling color copies of the portrait at 50 cents a copy. Many a Miami kid's wall is papered with Butch and Sundance.

"Jim and I became close friends, but it's been somewhat overdone," said Csonka, who was walking off the leftover hurts Monday from Miami's 21-0 playoff victory over Baltimore 24 hours earlier.

"We do both have our own lives. Our homes are 50 miles apart in south Florida. It's just

that we enjoy each other's company and having a drink together."

Speaking of drinking: "A couple of years ago, we were playing the Patriots in Boston," said Csonka. "Jim and I had some very nice after-dinner liquor the night before. The field that day was drenched and all muddy. I told Kiick not to swallow any of that gook when he was tackled ... he might ruin the taste of the nice booze."

The former Syracuse All-American had a less expensive birthday drink in Kansas City the day of pro football's longest game in history.

"I was 25 years old on Christmas day," said Csonka. "That's the day we beat the Chiefs 27-24 in two overtimes. Jim and I had a big celebration—we split a beer in our hotel room."

Coach Gets Call From President

MIAMI (AP)—Miami Dolphin coach Don Shula said he first thought someone was pulling his leg at 1:30 Monday morning when a late-night telephone caller identified himself as President Nixon.

"I started scrutinizing the voice, but in only a few seconds I knew it was the President," said Shula.

Nixon was calling the Dolphin coach to congratulate him on Miami's 21-0 shutout of the Baltimore Colts Sunday for the American Football Conference championship.

And the President, who once played end for Whittier (Calif.) College, wanted to offer a few tips about the Dolphins' next opponent—the Dallas Cowboys in the Super Bowl Jan. 16.

"He alerted me that the Cowboys were a great football team, but the President said he thought the quick slant pass to Paul Warfield would go against Dallas," recalled Shula, who was up and about at that hour watching a replay of the win over Baltimore.

"He also warned that Dallas had a pretty fair coach in Tom Landry."

Shula said that Nixon reported he would be unable to attend the Super Bowl game in New Orleans.

The Dolphin coach and Nixon are getting to be bosom telephone buddies. The President phoned Shula the previous week after Miami nipped Kansas City 27-24 in the longest game in National Football League history—82 minutes and 40 seconds.

NBA Lineup Has Jabbar in Lead
NEW YORK (AP) — If you think that the 31-game record winning streak that Los Angeles has put together in the National Basketball Association this season is amazing, consider Jerry West's mark.

With West in the lineup, the Lakers are 35-0 this season. Jerry missed five early season games and without him, LA went 2-3. Now that's amazing.

West is the No. 6 scorer in the league with a 25.4 average and is leading the NBA in assists with 9.5 per game according to official league statistics released today.

The statistics show Milwaukee's Kareem Jabbar leading all scorers with a 33.3 per game average—six points better than Chicago's Bob Love. LA's Gail Goodrich is third with a 26.5 average.

Jabbar also leads in field goal percentage with .587 accuracy while Baltimore's Jack Marin is tops in free throw percentage with .889. Wilt Chamberlain of Los Angeles tops the rebounders with a 20.3 per game average.

Knicks Defeat Bucks

By BERT ROSENTHAL
Associated Press Sports Writer

NEW YORK (AP) — Walt Frazier, a neutral observer, believes the Milwaukee Bucks, defending champions of the National Basketball Association, are better than the Los Angeles Lakers, the league's hottest team with 31 consecutive victories.

"I'll take the Bucks," said Frazier Monday night after he had sparked the New York Knicks to a 101-99 comeback victory over Milwaukee in a nationally televised game.

"They won the title last season," continued the veteran guard, "and the Lakers have a bad track record," a reference to Los Angeles' playoff performances in recent years.

"I don't think they can maintain their current pace," he added. "They've got to hit a

slump, sooner or later."

At present, neither the Lakers nor Frazier show any signs of slumping. The Knicks' star has scored 20 or more points in 17 consecutive games, including 31 against the Bucks.

The Knicks-Bucks battle was the night's only NBA game. In the lone American Basketball Association contest, Dallas overcame a 15-point deficit and edged Indiana 102-101 behind Donnie Freeman's 21 points. Roger Brown led the Pacers with 27.

Frazier started slowly against Milwaukee, hitting only one of seven field goal attempts in the first half. It was no coincidence that the Knicks fell behind 24-9 in the first period and trailed 53-46 at halftime.

Frazier tallied nine points in the third quarter, but the Knicks still trailed 77-72 at the

end of the period. Then, in the final period, he scored 16 points, including the Knicks' last 13 and the basket that broke a 99-99 tie with three seconds remaining.

The winning field goal was the only time the Knicks led and came after New York's Phil Jackson had swatted the ball away from Milwaukee's Oscar Robertson and Frazier had retrieved it.

After Frazier's shot, the Bucks had one more chance. Kareem Jabbar, who had game-high totals of 38 points and 22 rebounds, took a hook shot, but the ball hit the rim and bounced away as the final buzzer sounded.

Milwaukee then rushed at the officials, Ed Rush and Mike D'Amato, claiming Jabbar was fouled. But the Bucks' protests were to no avail.

Marquette Winner Over Wisconsin Final Poll Has Arkansas No. 16

"The Big Eight is the toughest conference ... no contest," crowed Nebraska's All-American middle guard, Rich Glover, after the Cornhuskers demolished Alabama 38-6 in the Orange Bowl New Year's night.

And the nationwide panel of sports writers and broadcasters who vote in The Associated Press' weekly college football poll apparently agree, because they voted Big Eight teams to the top three places in the final poll of the 1971 college season.

Nebraska, of course, took the top spot, garnering all 55 first-place votes for a perfect score of 1,100 points. Nebraska's rout of previously unbeaten Alabama completed a 13-0 season for Coach Bob Devaney's Cornhuskers.

Oklahoma, 11-1 with the only loss came at the hands of Nebraska 35-31 Thanksgiving Day, was a unanimous choice for the runner-up spot with 990 points after whipping Auburn 40-22 in the Sugar Bowl.

A third Big Eight team, Colorado, captured third place with 746 votes after defeating Houston 29-17 in the Astro-Bluebonnet Bowl. Colorado's only defeat in a 10-2 season were to Nebraska and Oklahoma.

No conference had ever swept the top two spots in the poll, but the Big Eight went 1-2-3.

It was the second consecutive national championship for Nebraska, a team which has won its last 23 outings and has gone 32 games without a loss.

Nebraska is only the sixth squad to win consecutive crowns. The others were Minnesota, 1956-57; Ohio State, 1956-57; and Texas Tech, 1956-57.

Virginia, 10-0, pulled ahead 58-58 with 5:24 to go on a pair of free throws by Frank DeWitt. Barry Parkhill of Virginia led all scorers with 20 points and teammate Jim Hobgood added 17.

No. 10 Ohio State, down by seven with 12 minutes to go, outscored Creighton 18-4 and went on to post a 94-76 victory.

Ohio State Coach Fred Taylor was pleased with his team's 57 points scored in the second half.

"We played the other night and scored only 53 points the whole game," Taylor noted, referring to his team's 79-53 pounding at the hands of top-rated UCLA. "This will help all the kids to know we can bust loose."

One kid who busted loose for the Buckeyes was 6-1 guard Allan Hornyak, who led all scorers with 26 points. Hornyak scored 15 and reserve Jack Wolfe added 10 down the stretch.

In other major games Tuesday night, No. 15 Southwestern Louisiana outscored McNeese 89-80 behind 32 points from 6-9 Soph. Roy Ebron and 25 from Dwight Lamar.

Ron King scored 24 points to help No. 20 Florida State to an 88-70 triumph over Denver in the first round of the Senior Bowl basketball tournament. In the other first round pairing, St. Louis whipped South Alabama 78-61.

Elsewhere, Wichita State edged Bradley 71-67, Dayton upset Houston 73-69, sophomore Lloyd Batts scored 27 points to lead Cincinnati past Drake 81-78, Tulsa got 30 points from Steve Bracy and coasted past Trinity, Tex. 98-70 and Iowa tripped Kansas 81-68.

At Marquette they call Jim Chones "Big Man"—and for good reason.

The 6-foot-11 Chones scored a career-high 31 points and grabbed 13 rebounds to lead second-ranked Marquette 9-0, to a 72-60 victory over arch-rival Wisconsin.

"It was Jimmy's best game ever—by a ton," raved Marquette Coach Al McGuire, appreciative of his pivotman's performance. "I think Jimmy's off to the races now."

Wisconsin Coach John Powless could only agree.

"Chones is the best big man in the country," Powless said flatly. "He figures to get 20 or 25 against anybody if he plays hard."

Powless tried a combination man-to-man and zone defense, to no avail. "The defense we were playing was to try to disallow or limit the pass to the high post, because Chones can just turn around and pop from there."

Chones hit on 12 of 20 field goal attempts, many from the high post. And when everybody ganged up on "Big Man," it left sophomore Marcus Washington free to drive the baseline from his corner post. Washington scored 19 for the game.

Two other members of the Associated Press' Top Ten had to come from behind in the second half to win.

Ninth-ranked Virginia, trailing 57-51 with eight minutes to go, outscored Wake Forest 17-3 in the next seven minutes to register a 74-64 Atlantic Coast Conference victory at Wake Forest.

Virginia, 10-0, pulled ahead 58-58 with 5:24 to go on a pair of free throws by Frank DeWitt. Barry Parkhill of Virginia led all scorers with 20 points and teammate Jim Hobgood added 17.

No. 10 Ohio State, down by seven with 12 minutes to go, outscored Creighton 18-4 and went on to post a 94-76 victory.

UCLA Rates Tops in College Basketball

By KEN RAPPOPORT
Associated Press Sports Writer

Tournament triumphs have provided a bull market for Penn and Louisville, pushing their stock way up in the college basketball polls.

Penn, winner of the Kodak Classic last week, lunged ahead eight places to No. 6 and Louisville, a runaway victor in the Holiday Festival, also moved up eight spots to No. 7.

UCLA, meanwhile, continues in its familiar strongman role of No. 1 after winning its own Bruin Classic.

A nationwide panel of sports writers and broadcasters almost made it unanimous, handing the Bruins 41 first-place votes. Marquette, which won the Milwaukee Classic, got the only other top ballot and finished second in the voting,

same as last week. The Bruins collected a total of 838 points to the Warriors' 816, shaving the top-ranked team's lead from 48 last week.

North Carolina, winner of the Sugar Bowl Tournament, stepped up one place to No. 3 with 830 points. South Carolina, which lost the Quaker City Festival, moved back one spot to No. 4 with 443.

Indiana, champion of the Old Dominion during the tournament-happy holiday week, moved up two spots to No. 5 with 362 points.

After Penn and Louisville, Long Beach State held down No. 8 after winning the International City Classic; Virginia was No. 9 after taking the Palmetto Classic and Ohio State dropped four spots to No. 10 when beaten by UCLA in the Bruin finals.

Southern Cal, whipped in the Kodak by Penn in the first round, skidded six spots to No. 11 and both Maryland and Marshall moved up four spots to Nos. 12 and 13, respectively.

Marquette won the Maryland Invitational and Marshall lost by two points to Marquette in the Milwaukee.

Villanova, which beat South Carolina by a point for the Quaker City Title, moved from nowhere to No. 14.

Southwestern Louisiana dropped two spots to No. 15 despite whipping Los Angeles State; Hawaii climbed two to No. 16 after winning the Rainbow Classic and St. John's, N.Y., dropped eight spots to No. 17 after losing in the finals of the Maryland Invitational.

Brigham Young, which lost in the Old Dominion, slumped eight places to No. 18; Kentucky fell seven spots to No. 19 and Florida State was No. 20.

ASU Scores Win Over Oklahoma

JONESBORO, Ark. (AP) — Steve Brooks, 6-9 junior forward, led Arkansas State University to a 88-76 victory over Oklahoma State University here Monday night.

Brooks finished with 25 points and 11 rebounds. Midway in the first quarter Arkansas State was tied with the Cowboys, but the Tribe broke away from OSU and led 41-33 at the half.

High scorer for the Indians, besides Brooks, was Calvin Breedlove with 18 points.

THE HENRY KISSINGER Political Football Award: to President Nixon. Other presidents have said such things as "We have nothing to fear but fear itself," "With malice toward none, with charity for all," "Ask not what your country can do for you" and "I will go to Korea," but nobody before Mr. Nixon has said that the country is like a football team. During a visit to the Washington Redskins' training camp, he said that a nation, like a football team, must remember that "when it's lost one, it doesn't lose its spirit." What this country needs is Johnny Unitas at vice president.

Central Heads First Prep Scholl Poll

LITTLE ROCK (AP) — Little Rock Central, with only a narrow loss to Little Rock Parkview to spoil its record, is ranked No. 1 in the first Associated Press high school basketball poll of the season.

The Tigers, who have a 9-1 record, received nine of the 12 first-place votes cast by a panel of sportswriters and sportscasters.

Central is followed by Parkview, Fayetteville, Subiaco, Little Rock Hall, Fort Smith Northside, North Little Rock, Stephens, Blytheville and Jonesboro.

"Right now, being No. 1 is not too important," said Central Coach Don Nixon. "I was really kind of hoping they would give it to somebody else. We want to be No. 1 at the end of the year."

Nixon said he did not think the lofty ranking would greatly increase the pressure on the Tigers.

"Here at Central, we get a lot of pressure anyway," Nixon said. "A lot of people would still rather beat Central than any other school."

"I've had coaches from all over the state tell me that they played their best game of the year against us," he said. "I've seen teams that didn't look like too much when I scouted them and then would look great against us. You get the same kind of pressure when you're No. 1."

"You can rest assured that when you're No. 1, you're not going to get any easy ball games," Nixon said. He also said being No. 1 can work for a team as a "motivating factor."

Parkview has lost to Hall and Central, but is the only team to defeat the Tigers. Fayetteville has lost once, that a 40-37 decision to Fort Smith Northside last week. The Bulldogs had beaten the Grizzlies earlier in the year.

Subiaco is one of two undefeated teams in the top 10. Included in Subiaco's 11 victories is a one-point decision over Northside. Stephens (17-0) is the only other undefeated team in the rankings and has an overtime victory over Class AA champion Magnolia to its credit.

Here are the results of The Associated Press high school basketball poll with first place

votes and team records in parentheses and total points at right:

1. LR Central (9) (9-1) 118
2. LR Parkview (1) (8-2) 90
3. Fayetteville (1) (8-1) 80
4. Subiaco (11-0) 78
5. LR Hall (8-2) 76
6. FS Northside (6-2) 59
7. North Little Rock (7-2) 48
8. Stephens (17-0) 42
9. Blytheville (1) (11-3) 29
10. Jonesboro (8-3) 14

Others receiving votes, listed alphabetically: Conway, El Dorado, FS Southside, Highland, Hot Springs, Jonesboro Westside, Leachville, Magnolia, Prairie Grove, Stamps, Stuttgart, Tuckerman, Warren and Wynne.

Pros Make Trade With Carolina

Memphis, Tenn. (AP) — "I could have sworn I was dreaming when he told me I was traded," reflected Bobby Warren, leading scorer of the Memphis Pros of the American Basketball Association, who was part of a six-player deal between Memphis and the Carolina Cougars Monday.

The Cougars will get Warren, all-star Wendell Ladner and rookie Thomas Owens in return for starters Warren Davis and George Lehmann and rookie Randy Denton.

There was reportedly also some cash involved in the deal, but the amount was not disclosed.

Ladner said he was surprised by the move. "The fans have liked the way I play, and it makes me play better. It's hard for me to take."

Pros general manager Bob Vanatta said the team's recent tailspin which dropped them into fourth place in the Western Division had nothing to do with the trade.

Warren termed being traded "just one of the breaks. I'm not real unhappy. I like it in North Carolina, but I hate leaving. I don't want to say anything derogatory about the Pros, but it sure shocked me."

Warren had been unable to reach contract terms with the Pros earlier this year and was playing out his option. Finally, Sunday, he signed a multi-year agreement with the Pros.

Questions News Value

Editor The Star: The Hope Star, December 31, 1971, page 10, ran a story by Michael Goldsmith (AP) titled "Could Be Americans Ashamed of Deserter". This purports to be an interview of a deserter who tells of atrocities.

Having violated his oath of allegiance, his word under oath could be doubted, and the interview was not even under oath. The story was sensational, but was it news? Sincerely,

Editor The Star: I agree with your nomination of Tom Ed Hays, Jr. as "Man of the Year" for 1971 as set forth in "All Around Town", December 29 issue of the Hope Star.

There are several things in your write-up, however, which rattle me just a bit. Perhaps I am misinterpreting your terminology and choice of words. If so, I apologize, but if I did not misinterpret them, I feel you owe an apology to a great many men and women who have labored long and hard to bring about the present industrial climate which makes our area attractive to industry seeking a new home.

To use a derogative term such as "so-called city fathers" to describe men who have given hours of their time to produce a progressive community which, incidentally does no harm to the Hope Star revenue, is both wrong and beneath your responsibilities as a journalist. Then to accuse them of "hand-picking" the "Man of the Year" carries all the connotation of smoke-filled backroom politics at its worst. You do the Chamber of Commerce committee appointed for the selection a great dishonor and place them in a most embarrassing situation.

Tom Ed Hays Jr. has done a fine job and we do not intend by this letter to detract from his efforts, but I am sure Tom Ed will be the first to say that the efforts of many men and women who have gone before helped to make it possible for all the chips to fall in place during his term of office as President of the Industrial Foundation. The entire community owes a debt of gratitude to the men who have served on Chamber of Commerce, School and City Boards, Planning Commissions, Industrial Foundation Boards, and other civic organizations. Sometimes it takes "forty" years for a community to really get moving, but it takes more

Dallas Player Shuns Reporters

By DENNE H. FREEMAN
Associated Press Sports Writer DALLAS (AP) — Duane Thomas yanked his jersey off in the dressing room and looked at his questioner square in the eye: "Man, don't ever try to interview me after a game."

This was after Thomas had scored a touchdown on a two-yard run Sunday to help Dallas to a 14-3 National Conference title victory over San Francisco.

This is the way it has been since Thomas rejoined the team after a stormy dispute with management over money that ran well into the regular season.

"We've come to accept him as he is," says Coach Tom Landry.

Landry went to great lengths Monday to explain Thomas' attitude to reporters but admitted "I don't know if I can enlighten you."

Landry said, "He is a unique person. His sole object is to be prepared to play football. He does it his own way. He doesn't like any distractions. At meetings he says maybe two words. He seldom is not ready to play ... he listens ... he doesn't ask many questioning."

This comes from a man Thomas called "a plastic man ... no man at all" in a July tirade.

Landry said, "Thomas acts as if he is not part of the team but he is part of the team. The team has to understand him and I believe they do. We've never asked him why he doesn't talk to reporters or sign autographs."

"The team wants to understand him," Landry added. Landry said he talks to Thomas a lot "about everything."

He said Thomas didn't have a particularly good day against the 49ers because "none of the offense had a good game except for Walt Garrison. Thomas is the type of runner who uses his blocking tremendously."

"The blocking wasn't there and he was trying to find a hole. When he has an opening he really heads for the goal."

"While he's waiting for the blocking, it looks like he isn't doing anything. But he really can run."

Thomas made the boast in July that the Cowboys could never get to the Super Bowl again without him.

In his mysterious way, maybe he was right.

Despite Higher Cost of Living

Income Tax for 1971 Is Reduced

By RAY DE CRANE

Not everything went up last year, despite the constant concern over inflation.

Your federal income tax has been reduced. You will feel the effect of it when you file your income tax before April 17. (The normal April 15 deadline falls on Saturday this year, so you get an additional two days' grace.)

The reduction in tax is chiefly due to the higher allowance for the personal exemption and the credit for dependents (\$625 in 1970, \$675 in 1971) and the more liberal treatment for the standard deduction.

In an attempt to persuade more taxpayers to take the standard deduction instead of itemizing their individual

	1970 Tax	1971 Tax
Married, two children, with adjusted gross of \$7,500	\$ 689	\$ 582
Married, two children, with adjusted gross of \$10,000	\$1,122	\$1,000
Married, no children with adjusted gross of \$12,000	\$1,809	\$1,633
Single, with \$7,500 income	\$1,196	\$1,068
Single, with \$10,000 income	\$1,778	\$1,596

per cent of adjusted gross income to 13 per cent and raised the ceiling from a maximum of \$1,000 to a new high of \$1,500.

There were other important changes in the new tax bill. For example:

THE SURCHARGE that has been a part of our income tax structure since 1967 has now been completely eliminated.

SINGLE PERSONS have a lower tax rate. They start to feel the benefit of the lower tax rate when taxable income reaches beyond \$4,000. At the \$10,000 taxable income level, the new rate for the unmarried taxpayer is down to 27 per cent from last year's 32 per cent

DR. LAWRENCE E. LAMB

Serious Problems Can Arise

'Speed Pill' User Needs Help

By Lawrence Lamb, M.D.

Dear Dr. Lamb—If a person has taken amphetamines for a long time and then stops, can his memory be affected? If it causes psychiatric effects, what are they and how are they cured?

Don't say go to a psychiatrist. My husband won't let me because he doesn't think anything is wrong with me and he doesn't want the expense of a psychiatrist.

What can I do to help myself? I need help and know it.

Dear Reader—Yes, you do need help. Recognizing that fact is half the battle. Amphetamine belongs to the "speed-up" drug group. One of this group, technically known as methamphetamine hydrochloride, is commonly called "speed."

These stimulants are useful to combat depression, but that action wears off in a few days after the medicine is taken. They are also useful in combating narcolepsy, repeated sleeping at inappropriate times. Sometimes they are used to help people diet and in treating hyperactive children and senility.

Amphetamine releases a type of adrenalin from the nerve endings and stimulates the brain. This causes the heart to beat faster and harder, nervousness, irritability, insomnia and loss of appetite.

Weight loss is common. So are delusions, hallucinations and even violence. When the use of the drugs is discontinued after prolonged use, severe depressions can occur.

Yes, some researchers state that prolonged use can cause brain damage. Brain cell damage has been described in animal studies and in Japanese men. Japan had an epidemic of overuse of "speed" after World War II, with serious effects on the users. Loss of memory for recent events and other evidences of abnormal thought process occurs.

Some people begin taking these medicines to reduce, and continue them long after any usefulness they might have had in dieting.

I am at a loss to tell you what to do for yourself. I don't know how much you take, how long you have been on the habit or how it has affected you. Obviously, the best thing to do would be to see a psychiatrist. If you have been on large amounts of the stuff for a long time, it might even be necessary to be withdrawn under supervision. If you do not have any evidence of severe difficulty and have not

been taking them a long time, the best approach would be to taper off and then quit. Physical activity and support from your husband might help. I wish we had an organization like Alcoholics Anonymous for people like you.

If you can't do anything else, write to the National Clearinghouse for Drug Abuse Information, P.O. Box 1701, Washington, D.C. 20013, and see if they can suggest a community service in your area. Another possible source of information would be the American Social Health Assn., 1740 Broadway, New York, N.Y. 10019.

WORLD ALMANAC FACTS

Seasickness is an ailment that affects some persons on shipboard. The malady is attributed to the disturbance of the semicircular canals of the inner ear, visual disorientation and an increase of anxiety. The World Almanac says. It can be reduced by moving to the center of the vessel and relaxing the body.
